

State of Nevada Popular Annual Financial Report

Catherine E. Byrne, State Controller

INTRODUCTION

It is my pleasure to present the State of Nevada, Popular Annual Financial Report (PAFR) for the fiscal year ended June 30, 2019.

The PAFR is a condensed presentation of the Comprehensive Annual Financial Report (CAFR). The CAFR is prepared in accordance with Generally Accepted Accounting Principles (GAAP) and was audited by the firm Eide Bailly, LLC, receiving an “unmodified” opinion. An unmodified opinion is given when the auditor can state that the financial statements are accurately stated. Our report provides high-level financial information and selected statistical information cited in our CAFR. In addition, the PAFR contains performance measures not included in the CAFR. The PAFR is intended to simplify, but not to replace the CAFR. To view the CAFR, go to controller.nv.gov.

On behalf of the State of Nevada, I would like to thank you for taking the time to read our PAFR. We hope this report will provide you with information about our statement of activities and financial position and the services we provide.
